

Leadership Chippewa Falls

Educating, Motivating, and Developing Chippewa Falls Future Leaders

Purpose

Historically, Chippewa Falls has been fortunate to have excellent leadership from its businesses and community. Our area continually experiences issues due to the constant influence of change and growth. How these issues are managed depends to a considerable degree upon informed, skilled, and concerned leaders. Leadership Chippewa Falls offers a way to ensure that the tradition of strong leadership continues in Chippewa Valley. This program will acquaint participants with a broad understanding of issues and challenges facing our community. Each month participants will spend half a day learning about one sector of life and business in Chippewa Falls. They will have the opportunity to meet key leaders in these areas, discuss the challenges within the community, and determine how these challenges might be resolved.

Commitment

Leadership Chippewa Falls consists of eight half day sessions and a recognition dinner. **Attendance at the sessions is required** for both success of the program and the benefits participants will receive from the program. If you schedule will not allow participating in all of these sessions please consider applying at a later time.
