

Educating, Motivating, and Developing Chippewa Falls Future Leaders

Purpose

Historically, Chippewa Falls has been fortunate to have excellent leadership from its businesses and community. Our area continually experiences issues due to the constant influences of change and growth. How these issues are managed depends upon informed, skilled, and concerned leaders. **This program offers a way to ensure that the tradition of strong leadership continues in Chippewa Valley.** This program will acquaint participants with a broad understanding of issues and challenges facing our community. Each month participants are exposed to a different sector of life and business in Chippewa Falls and will have opportunities to meet key leaders. The knowledge and understanding gained from the program will prepare individuals for leadership roles in both their organizations and the community. As a result of their leadership experience, graduates are more knowledgeable and are better equipped to make key decisions affecting their own organizations, the community, and themselves.

Commitment

Leadership Chippewa Falls consists of eight half-day sessions and a recognition dinner. **Attendance at the sessions is required** for both success of the program and the benefits participants will receive from the program. If your schedule will not allow participating in all of these sessions, please consider applying at a later time.

Value

Employers will receive multiple benefits from their investment in Leadership Chippewa Falls.

- Greater personal vision of civic leadership for employees
- Enhancement of employee's problem solving skills
- Company exposure
- Professional networking opportunities
- Cost-effective, efficient training
